In case of emergency: If owner's pet requires medical attention, owner authorizes one of the following (every attempt will be made to contact owner):

1. **Do all that the doctor deems necessary to try and maintain the pet's normal and stable health. Owner verifies that he/she is responsible for all costs relating to that care.**
2. **Do not perform diagnostics or treatments costing in excess of \$ _____. Minimum requirement is \$100 to cover initial emergency medications/diagnostics. No treatment beyond the approved cost will be taken no matter the severity of disease and I release Boones Creek Animal Hospital from any liability resulting from this decision.**
3. **Do not do any treatment until you get in touch with me or the person who can make decisions. I realize that my pet may die because of this option.**

Note: We appreciate the opportunity to care for your pet while you are away. In order to ensure that your pet remains healthy while boarding with us, we require all that all dogs be given the bordetella vaccine (kennel cough), CIV (Canine Influenza), as well as a distemper vaccine (DA2PPC) if they are not current.

In order to make your pet's stay the best possible, we will provide flea treatment on an as needed basis, and you will be responsible for the charges upon your return.

Also, Tennessee State Law requires all pets be vaccinated for rabies, so if your pet is not up to date we will administer this as well.
